A 428HEALTHCARE FACILITY

Lower Keys Hospital District Board Report

November 2026

Please welcome our new administrator Susan Dufresne, JD LNHA, Susan comes to us with years of experience and knowledge.

Community Involvement:

Residents have weekly outings via the facility bus. Going to the Dollar store, Salvation Army, Fort Zachory Taylor and sometimes just a ride around the island looking at the growth and talking about the old days.

We will have a Thanksgiving Fest for our residents on Thanksgiving Day and a family holiday event in December.

COVID-19 Pandemic Response:

Our center continues to communicate frequently with the CDC, AHCA, Florida and Monroe County Health Departments regarding COVID-19 and has continued to thoroughly follow all the guidance and recommended protocols. There is no covid in the facility.

Capital Improvements:

There were no scheduled capital improvements in the last quarter, so the facility has been focusing on painting interior of facility.

Survey Inspection:

The facility had its annual survey in September 2026, receiving a few citations which were corrected immediately. Facility awaits re-survey.

Census & Short-Term Rehabilitation:

The facility census is 95 with the capacity to hold 120. The facility currently has 16 short-term rehab residents.

Staffing:

All facility management staff are in place but we continue to hire direct care staff.
